Premium  
**VINYL SOFFIT & SIDING PANELS**

At Vorix, it's not just about building products

it's about building trust, detail by detail. "We don't just manufacture soffit panels and Vinyl Siding Panels we craft solutions with precision and pride, where every groove, cut, and finish speaks of care. Our commitment goes beyond industry standards, focusing on the small details others often overlook.

The mark of Vorix is more than a logo

it's a reflection of our team's daily dedication to deliver strength, style, and service that lasts. Because at Vorix, excellence isn't a statement it's how we work. That's The Vorix Standard.

## VORIX SOFFIT & SIDING INTRODUCTION

Vorix Vinyl Siding Panels are high-performance, low-maintenance exterior solutions crafted for long-lasting protection and aesthetic appeal. Designed to withstand the elements, they come in a wide range of colors and never require painting or frequent upkeep. Now proudly manufactured domestically, Vorix offers a smart, stylish alternative to traditional wall coatings, tiles, and bricks — ideal for homes, villas, factories, and renovation projects.

**Vorix – Strong. Stylish. Smart.**

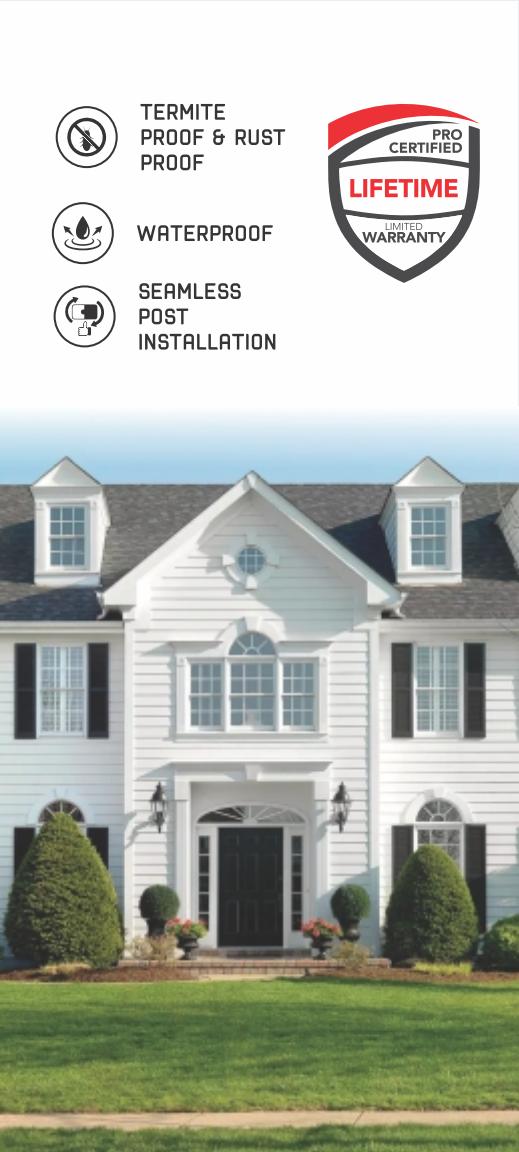

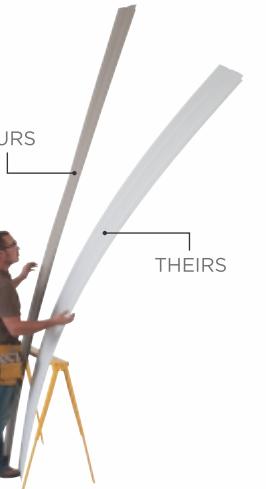

## WHY VORIX VINYL SIDING PANELS?

With Vorix Vinyl Siding panels, you can carry the clean, low-maintenance elegance of your exterior right up to the eaves eliminating the need for repainting or costly upkeep.

Designed for effortless installation, Vorix Siding Panels are available in a range of profiles, textures, and colors to suit any architectural style — combining durability with design flexibility.

## ONE PANEL. EVERY STYLE.

Vorix vinyl siding panels are designed to adapt — whether it's the elegance of Victorian, the practicality of Ranch, the symmetry of Colonial, or the sleek look of Modern. Perfect fit, every time.

## Product Features

### Stylish Aesthetics

Available in a range of vibrant and modern colors, Vorix panels add elegance and depth to any exterior, ideal for homes and buildings.

### Durable & Heat Resistant

Built with thermal insulation and UV-resistant properties, these panels stand up to harsh sun, moisture, and everyday wear.

### Fire Retardant

Manufactured to meet strict fire safety standards, offering peace of mind with an oxygen index of up to 40.

### Insulation Advantage

The solid 1mm thickness ensures strong structural integrity and helps maintain indoor temperatures effectively.

### Easy Installation

Lightweight and modular design enables quick setup—cover up to 200 sqm in a day. Damaged panels are easy to replace.

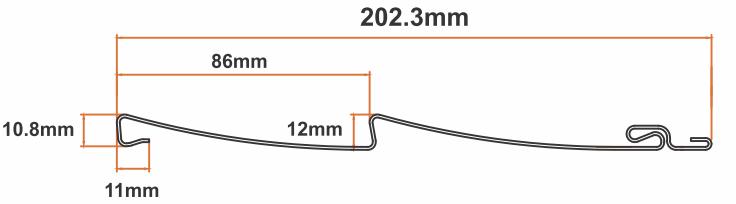

### Long Life Span

Anti-aging materials ensure a typical service life of over 25 years with minimal maintenance.

### Eco-Friendly Choice

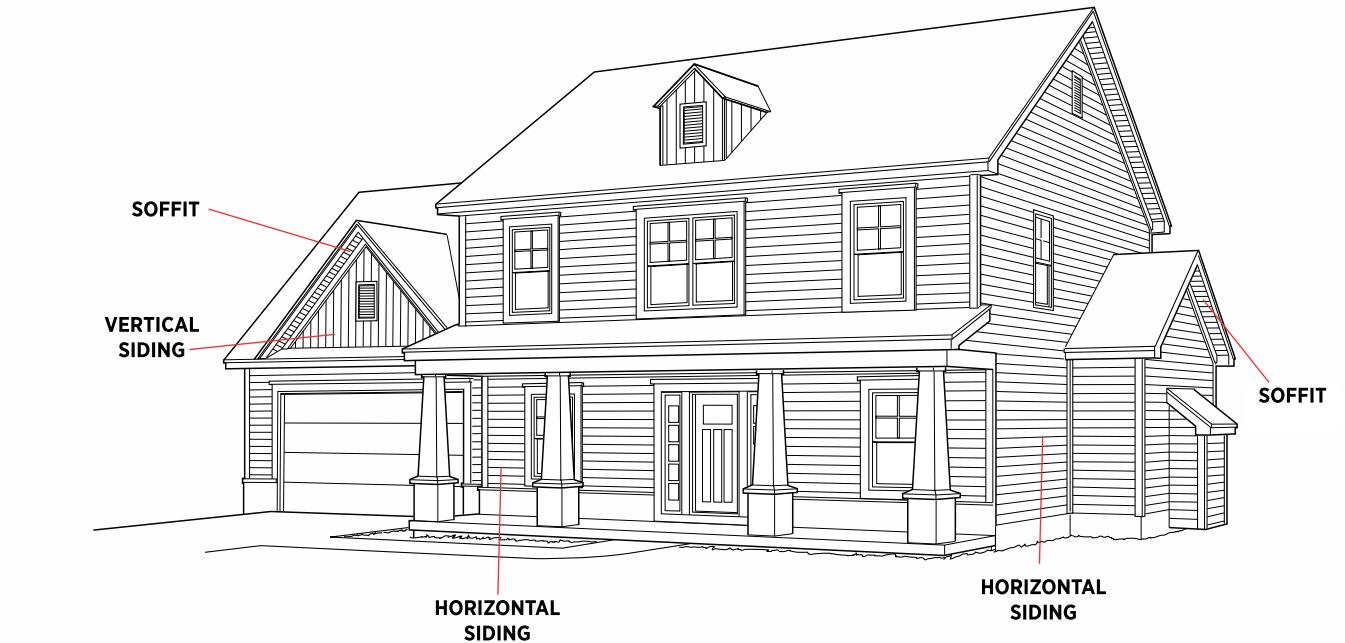

100% recyclable and safe, Vorix panels are free from harmful emissions and promote sustainable building practices.

## Product Features

## PROTECT. VENTILATE. ELEVATE.

Vorix vinyl siding panels complete your exterior with low-maintenance beauty, proper attic ventilation, and long-lasting protection—no repainting, no worries.

## WHY VORIX SOFFIT PANELS?

Vorix Vinyl Soffit Panels offer durable, low-maintenance solutions for ventilating and finishing roof overhangs.

Built to resist weather and wear, they never need painting and come in a range of stylish finishes.

Proudly made domestically, Vorix is a smart choice for homes, villas, and renovation projects.
